

# INTERNATIONAL SCHOOL MANILA

## ASSISTED SCHOOL SPECIAL NEEDS PROFILE

School situations can change quickly, particularly as schools face cutbacks to learning support programs due to the pandemic, current unrest, and economic uncertainty. For the most current information, work with the REO and school. Information in this document was collected by the Department of State's Office of Overseas Schools directly from the school in late 2020. If a field is not specified, please reach out to the REO listed below for more information.

**International School Manila**, founded in 1920, is a private, non-sectarian, not-for-profit day school for boys and girls from preschool through grade 12. Read more on the [Overseas Schools Fact Sheet](#).

### MISSION & VISION

To build a vibrant and enterprising learning community in which all strive to: Accentuate learning, growth, perseverance and self-awareness as life-long values. Nurture creativity and originality as precursors for critical and reflective thought and action.
